

## Partner Engagement

The National CSR Hub acts as an overall support system for companies in their CSR activities by providing expert advisory support. It facilitates convergence among development policies and programmes supported by the Government of India.

- Currently, the Hub extends its services to 32 Public Sector Companies and 33 Private Sector Companies.
- The Hub sets governance and strategic direction for companies' CSR initiatives. It focuses on effective implementation of CSR activities and also conducts social audit.
- Identify, evaluate and advice in key projects to be undertaken by the partner companies under their CSR initiatives.
- Identification of flagship programme within the broad framework of National CSR guidelines issued by Department of Public Enterprises, Govt. of India.
- Engage in mid-term evaluation and impact assessment of CSR projects.
- Nation-wide compilation, documentation, updation and creation of data-base.
- Assistance in effective communication through brochure, newsletters, documentation through audio visual media.
- Financial audit of CSR expenditure.
